User's data
User's name:
Permanent address / Registered seat:
Mailing address*:
Phone number:

7. CONTENT OF THE USER ACCESS RIGHTS
In case of payment account related transactions

A user can have signing and/or inquiring authority, which may apply for all account, or separately for each account. The content of the user access right can be defined by giving *signing score* for each user. For sending in orders or order packages the user(s) has to have 10 point equivalent signing score. This 10 point can be given by one or more users.

Example: a Client' users have the following signing score rights:
Peter (10 signing score), John (5 signing score) and Tom (5 signing score).In this case Peter can send in an order by-oneself, but John and Tom only can send in orders only by common signing.

7/a. Can the user have **inquiring rights** for **all** accounts (existing and later opening)?

Yes ☐   No ☐

7/b. In case of no, the user's access right can be defined by account numbers in this table

Account number	Inquire (X)	Signing score 0-10

8. CONTENT OF THE USER ACCESS RIGHTS
In case of NON-payment account related transactions

Some inquiry or non-payment account related transactions listed below can be made by 10 point equal signing score.

Function	Inquiring – signing score 0-10
Signature rights inquiring	
Bankcard application	
Overdraft application	
Sending in Free format letter	
Announcing meeting request	
Announcing cash withdrawal
